

ANIRUDH T

FULLSTACK DEVELOPER

Sri Shakthi Institute of Engineering and Technology | 2023-2027 BE-CSE / CGPA: 7.82 II year

ABOUT

Skilled Full Stack Developer with expertise in HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB. Demonstrates strong problem-solving abilities and a keen attention to detail. Eager to join a dynamic development team and enhance user experiences with innovative solutions. Proficient in programming languages including C, C++, and Python, with a special interest in data structures and algorithms in C++.

SKILLS

With proficiency in creating responsive and user-friendly interfaces using HTML, CSS, JavaScript, and React, I excel in front-end development. On the back-end, I build robust server-side applications with Node.js, Express, PHP, and SQL. My programming expertise spans across languages such as C, C++, Java, and Python, with a particular focus on data structures and algorithms in python and C++. Additionally, I have experience in managing and querying databases, particularly MongoDB and SQL.

Development Skills:

- Frontend: HTML, CSS, JavaScript, React
- Backend: Node.js, Express.js, PHP, SQL
- Databases: MongoDB, MySQL/SQL, SQLite
- Tools & Others: Git, REST Client, RESTful APIs

Programming Skills:

- Programming Languages: C, C++, Java, Python
- Data Structures & Algorithms: Proficient in C++ and Python
- Learning: Machine Learning

PROJECT

ParkFree Parking Lot System

- Developed an intelligent system using machine learning, OpenCV, Flask, and pickle for backend, and HTML, CSS, JavaScript for frontend. Real-time monitoring of parking slot availability with a user-friendly web interface.

BlogSphere

- Developed BlogSphere, a full-stack blogging platform using the MERN stack with user authentication (JWT), blog CRUD operations, and rich text editing.
- Integrated features like image uploads, tag-based search, and user profile management to enhance user engagement and experience.

CERTIFICATION

- Machine Learning A-Z: AI, Python & R + ChatGPT Prize [2025] in Udemy
- Node.js, Express, MongoDB & More: The Complete Bootcamp in Udemy
- Python Essential Training in LinkedIn Learning
